"I am deeply honored and grateful to have been named a Charles W. Finkl Scholarship recipient. The scholarship will be extremely helpful in allowing me to achieve my academic goal of obtaining my Bachelor of Science degree in mechanical engineering. This will help alleviate some of the stress associated with the financial burden of tuition and allow me to focus on my studies." Alec Jobbins, 2018-19 Finkl Scholarship Recipient

"Thank you for supporting my journey to a doctorate. Much of my research involves manufacturing, including forging. As a woman in STEM, sometimes it feels difficult to find support. Programs like this mean a great deal to students like me!" Christie Hasbrouck, 2019 Forging Industry Women's Scholarship Recipient
